FINE WINES

These exceptional wines have been chosen to create a truly special experience. Selected for their exquisite mastery of The Coravin System is unique in that it enables us to serve incredible wines by the glass without pulling the cork. Preserving the natural ageing process and leaving the wine in perfect condition The non-coring needle gently passes through corks without displacing cork material. Once the Needle is removed, the cork simply expands back to its normal shape. As wine is extracted through the Needle, it is replaced with pure Argon gas, ensuring oxygen never touches the remaining wine, keeping it as fresh as the day it was bottled.
